The purpose of the Forum is to gather a group of panelists together to discuss issues impacting women in Virginia's First District. The significant trend toward gender equality in every area of American life, from the public sector—economics, politics and the military to private life—work/family balance, childrearing and spiritual support will provide the broad basis for our panel discussion and audience interaction.

First District Women's Forum - Meeting Minutes - April 30, 2009
